- 4.1 This Agreement applies in the State of Victoria and covers:
- (a) the Employer;
 - (b) Employees who are construction workers engaged in the on-site building, engineering and civil construction industry as defined in the Award, performing concrete post-tensioning and associated work; and

- 4.2 For Employees performing work on an apartment building between two (2) and four (4) living levels height above ground (inclusive), the express provisions of

this Agreement will not apply except those listed in the table below, instead the incorporated Award terms will apply.

Clause 2	Definitions
Clause 3	Date and Period of Operation

- (b) The Parties recognise that Projects with a Project Value of less than \$50 million, by their nature may require the implementation of some alternative work practices. In addition to compliance with this Agreement, it is recognised that consultation between the Employer and the Union should occur in order to plan the application of alternative work practices.

4.4 The Employer and affected Employees and any representative(s) of their choice, will consult on these smaller Projects over workforce composition, efficient work practices and workforce mobility, whilst remaining committed to the highest levels of workplace safety. The consultation may include, but is not limited to:

then

- (b) the Employee, whilst performing work on the Big Build Project, will receive the higher wages and conditions (reflected in the project specific enterprise agreement) in accordance with their respective classification under this Agreement.

5 Relationship to the Award and the NES

5.1 Subject to this clause, the Award is incorporated into and forms part of this Agreement.

- 5.2 If there is any inconsistency between an express term of this Agreement and an incorporated Award term, the express term of the Agreement will prevail to the extent of any inconsistency.

11 Disputes Resolution Procedure

11.1 A major objective of this Agreement is to eliminate lost time and/or production arising out of disputes or grievances. The Parties to this Agreement are committed to complying with the terms of this procedure.

11.2 Scope

Disputes relating to any of the following must be dealt with according to the procedure in this clause:

- (a) any matter arising under this Agreement;
- (b) the NES, including subsections 65(5) and 76(4); and
- (c) any matter pertaining to the relationship between the Employer and the Employees.

Provided that nothing in this clause prevents a party to the dispute from applying to a court for orders in relation to contraventions of civil remedy or penalty provisions.

Note: Safety issues and incidents are to be dealt with in accordance with **clause 60** of this Agreement and with any applicable occupational health and safety legislation. A dispute about the operation, or application of **clause 60** is a matter arising under this Agreement and can be dealt with in accordance with this clause.

11.3 Procedure

Disputes will be dealt with according to the following procedure.

Step 1—workplace level

- (a) In the first instance, the parties to the dispute will take genuine steps to try and resolve the dispute at the workplace level.

Step 2—dispute resolution including arbitration by the Panel

- (b) If the dispute remains unresolved after Step 1, a party to the dispute (or its representative) may refer the dispute to the Victorian Building Industry Disputes Panel (Panel). If a party to the dispute refers the dispute to the Panel, all parties irrevocably consent to the Panel dealing with the dispute, including by arbitration.
- (c) The Panel may deal with the dispute by conciliation, arbitration, otherwise as it sees fit, or by any combination of methods, provided that it acts in accordance with its Charter, and must not make any decision or impose any other binding outcome which requires a party to the dispute to do something that is prohibited by any applicable legislation.

- (i) any party to the dispute (or its representative) may, within 14 days after the date of the Decision, have the Decision reviewed by the FWC, in which case Step 3 below applies;

This means that the FWC must identify whether the Panel has made an error of law, a material error of fact or a decision which is legally unreasonable or unjust (inferred error). It is acknowledged that the FWC has the discretion to admit new evidence as required.
- (g) The FWC may deal with the dispute by conciliation, arbitration, or by the exercise of any of its other powers under the Fair Work Act, or by any combination of methods.
- (h) If the FWC deals with the dispute by arbitration:
 - (i) by a single member of the FWC and makes an arbitral award (**FWC Decision**):
 - (A) any party to the dispute (or its representative) may, within 21 days after the date of the FWC Decision, appeal to a Full Bench of the FWC;
 - (B) if no party appeals from the FWC Decision within the period stated in **clause 11.3(h)(i)(A)** above, that FWC Decision will be final and binding on the parties to the dispute.
 - (ii) by a Full Bench of the FWC and makes a decision, the decision will be final and binding on the parties to the dispute.

Steps available in the event of non-compliance by a party

- (i) If any party to the dispute fails or refuses to comply with or participate in Step 1 of this clause, any other non-breaching party to the dispute (or its representative) may, in its absolute discretion:
 - (i) refer the dispute to the Panel, which will deal with the dispute in accordance with Step 2 above noting that the non-breaching party may request the Panel at this stage to refer the dispute directly to the FWC to deal with the dispute by conciliation, arbitration, by the exercise of any of its powers under the Fair Work Act, or by any combination of methods.
- (j) If any party to the dispute fails or refuses to comply with or participate in Step 2 of this clause, any other non-breaching party to the dispute (or its representative) may, in its absolute discretion:
 - (i) refer the dispute to the FWC to deal with the dispute by conciliation, arbitration, or by the exercise of any of its other

powers under the Fair Work Act, or by any combination of methods; or

- (ii) continue to pursue Step 2 above, including by seeking that the Panel make a Decision despite any non-compliance or non-participation of any other party.

11.4 Directions and requests of the Panel

- (a) The Panel may inform itself in relation to any dispute in such manner as it considers appropriate in accordance with its Charter, including but not limited to by:
 - (i) requesting oral or written submissions;
 - (ii) requesting relevant documents, records or other relevant information; or
 - (iii) conducting a conference or holding a hearing.
- (b) A party to the dispute will comply with any request of the Panel made under this clause, unless the party has a reasonable excuse.

11.5 Enforcement

- (a) Finality of a Decision
 - (i) Subject only to the rights of review/appeal expressly provided for in this clause, a Decision or an FWC Decision (or any subsequent Full Bench decision) is final and binding and may be immediately enforced.
- (b) Enforcement of a Decision
 - (i) All parties to a dispute must comply with, and give effect to, any Decision or FWC Decision.
 - (ii) A party to a dispute that fails to comply with, or give effect to, a Decision or FWC Decision, contravenes this clause.
 - (iii) The Parties agree that:
 - (A) any Decision or FWC Decision may be enforced by an action seeking appropriate remedies (including, but not limited to, payment of a debt, damages, or specific performance) in any court of competent jurisdiction; and
 - (B) interest will accrue on any sum payable under a Decision or FWC Decision at the rate prescribed from time to time in respect of pre-judgment interest under the Rules of the Federal Court of Australia.

11.6 Status quo

- (a) While the dispute is being dealt with in accordance with the procedure in this clause:
 - (i) the Parties will maintain the status quo existing immediately prior to the subject matter of the dispute arising. Neither Party will engage in any industrial stoppages, bans and or limitations. Work shall continue in accordance with the status quo unless an Employee has a reasonable concern about an imminent risk to their health or safety; however

(ii) the Employer may direct an Employee to perform other available work at the same workplace, or at another workplace, on the same terms and conditions of employment, if it is reasonable to do so to protect the health, safety or welfare of Employees.

(b) For the avoidance of doubt, "**Maintain the status quo**" means that the action giving rise to the dispute will be withdrawn, and the situation immediately prior to the action giving rise to the dispute will apply until the dispute is resolved.

11.7 **Employee participation and representation**

(a) Employees are entitled to a representative of their choice, including a Union representative, for the purposes of this clause.

(b) Employees to whom a dispute directly relates and who are necessarily required to participate in the procedure provided for in this clause are entitled to do so without loss of pay.

(c) Employees who are required to attend as a witness in an arbitration are entitled to do so without loss of pay.

(d) In the event that the parties to the dispute fail to agree on the identity or number of persons who qualify under this clause, the question will be determined by the Panel or the FWC (whichever is then dealing with the dispute) as part of the dispute.

12.5 As soon as practicable after proposing to introduce the change, the Employer must:

- (a) discuss with the relevant Employees the introduction of the change; and
- (b) for the purposes of the discussion, provide to the relevant Employees and their representative if requested by the Employees:
 - (i) all relevant information about the change, including the nature of the change; and
 - (ii) information about what the Employer reasonably believes will be the effects of the change on the Employees; and
 - (iii) information about any other matters that the Employer reasonably believes are likely to affect the Employees; and
- (c) invite the Employee(s) affected and any applicable representatives, to give their views about the impact of the proposed change (including any impact in relation to their family or caring responsibilities); and give consideration to any views about the impact of the proposed change that are given by the Employee(s) concerned and/or their Union.

12.6 The requirement to consult under this clause does not apply where an Employee has irregular, sporadic or unpredictable working hours.

12.7 These provisions are to be read in conjunction with other Agreement or Award provisions concerning the scheduling of work and notice requirements.

13 Flexibility Arrangements on Significant, Major or Unusual Projects

13.1 The Parties are committed to working together, in a manner consistent with the terms of the Agreement, to promote productivity and ensure the elimination of any matters which may otherwise give rise to an industrial dispute. Accordingly, if the Employer requires the implementation of productivity measures specific to a significant, major or unusual Project, which may include special and exceptional circumstances, the Employer will consult with the affected Employee(s) in accordance with this clause.

13.2 Without limiting the general intention of this clause, the Parties recognise a particular requirement for establishing flexible starting times, as well as to develop other working arrangements that facilitate efficient movement of the workforce whilst still protecting the rights of individual Employees.

13.3 Where the significant, major or unusual Project is in a regional area, consultation will also occur to provide opportunity for employment of local labour.

13.4 Consultation shall commence as soon as practicable, following the announcement of the significant, major or unusual Project. In order to facilitate consultation, the Employer will provide:

- (a) all relevant information about the significant, major or unusual Project including the nature of the significant, unusual and major Project proposed;
 - (b) information about the expected effects of the significant, major or unusual Project on the Employees; and
 - (c) any other matter that is relevant to the significant, major or unusual Project, including the application of **Appendix C**.
- 13.5 During consultation under this clause, other matters that may be discussed include:
- (a) scheduled shutdowns;
 - (b) safety;
 - (c) work on RDOs;
 - (d) opportunities to promote employment of apprentices; and
 - (e) diversity of employment.
- 13.6 For the purposes of this clause 'consultation' involves the Employer proposing productivity measures for the significant, major or unusual Project and the Employees giving prompt and genuine consideration to those proposed measures of the Employer.
- Note: An Employee has the right to determine their representation (if any) for the purposes of this clause in accordance with Part 7 – Employee Representation of this Agreement.
- 13.7 However, the Employer is not required to disclose confidential or commercially sensitive information about the significant, major or unusual Project.
- 13.8 Any Party may seek the assistance of the Disputes Panel to facilitate consultation under this clause at any time, including dealing with matters in accordance with **Appendix C**.

PART 3 - TYPES OF EMPLOYMENT AND TERMINATION OF EMPLOYMENT

14 Contract of Employment

14.1 Daily Hire Employment

With the exception of:

- (a) casual Employees; part-time Employees, employed pursuant to **clause 14.2**; and mechanical plant operators employed as full-time weekly hire Employees, all Employees covered by this Agreement shall be engaged as daily hire Employees.

14.2 Part Time/ Job Sharing

- (a) The Parties recognise the value of enhancing employment opportunities for workers who may require part-time work arrangements due to their personal circumstances. Such circumstances may include advanced age, infirmity, family and caring responsibilities or the desire for gradual transition to retirement. In pursuit of this objective, such Employees may be engaged on a part-time basis, subject to prior consultation and agreement between the Employer and the Union on each occasion.
- (b) The Parties recognise that predecessor enterprise agreements have generally not provided for part time employment. It is the intention of the Parties to provide for only a limited expansion of part time work opportunities under this Agreement to achieve the above objective.
- (c) A part-time Employee is an Employee who works an average of less than 36 hours per week and has reasonably predictable hours of work.
- (d) A part-time Employee will receive the same rates terms and conditions of employment as a full-time daily-hire or weekly hire Employee as the case may be, except all accruals and contributions to entitlement funds (including Incolink, superannuation etc.) will be made on a pro-rata basis based on the part time Employee's ordinary hours. To be clear, part time employment pursuant to this clause is the only circumstance under this Agreement for which pro-rata payment of these entitlement funds applies.
- (e) The Employee's LeavePlus contribution will be in accordance with the applicable scheme rules.
- (f) Before commencing part time employment, the Employer, the Employee and the Union will agree in writing to the following:
 - (i) that the Employee is engaged part time;
 - (ii) upon the ordinary hours to be worked by the Employee, the days and hours upon which the Employee will perform work and the commencing times for the work;
 - (iii) upon the Employee's classification; and
 - (iv) upon the period of part time employment.

- (g) The terms of an agreement to work part time may be varied, in writing, by agreement between the Employer, the Employee and the Union.
- (h) The Employer will provide a copy of the agreement to the Employee and the Union and any subsequent variation will be in writing.
- (i) A part-time Employee may work up to eight (8) ordinary hours each day, Monday to Friday, and not more than 36 ordinary hours each week averaged over a two-week period. Any additional hours may be worked by agreement only. Such agreement may include the application of penalty rates for any additional hours worked, even where the total ordinary hours on any given day remain less than 8.
- (j) Any hours of work performed outside the spread of ordinary hours or in excess of 8 hours in any one day must be paid at the appropriate penalty rate(s).
- (k) The RDO system prescribed by **clause 37** will apply to a part-time Employee on a pro rata basis. This means that 0.1 of an hour for each ordinary hours worked and paid leave taken will not be paid but will accrue towards an RDO. When the RDO falls, the Employee will be paid an amount based on their RDO accrual.
- (l) The Parties recognise that the preferred mode of employment under this Agreement will remain full-time direct employment and the requirements of a full-time role are in no way diminished by the provision of part time work. The Parties recognise that one effective means of maintaining productivity levels and ensuring appropriate coverage on site may be via job sharing arrangements, whereby Employees are engaged to work complementary hours of work such that the combined hours of work and like aspects of employment for two employees are practically equivalent to those of one full time employee. Examples of potential job-sharing arrangements are set out in **Appendix O**.
- (m) The parties commit to the regularly monitoring and evaluation of the effectiveness of these measures. Adjustments and improvements will be made as necessary to ensure continuous progress towards the objectives of this clause.
- (n) Nothing in this clause is intended to limit the rights of Employees under any relevant legislation.

14.3 **Casual Employment**

Engagement

- 14.4 Subject to this clause, a casual Employee is one engaged as such and who has no firm advance commitment from the Employer to continuing and indefinite work according to an agreed pattern of work.

Indicia of casual employment

- 14.5 Whether the employment relationship is characterised by an absence of a firm advance commitment to continuing and indefinite work is to be assessed:
- (a) on the basis of the real substance, practical reality and true nature of the employment relationship; and

- (b) on the basis that a firm advance commitment can be in the form of the contract of employment or, irrespective of the terms of that contract, in the form of a mutual understanding or expectation between the Employer and Employee not rising to the level of a term of that contract (or to a variation of any such term); and
- (c) having regard to, but not limited to, the following considerations (which indicate the presence, rather than an absence, of such a commitment):
 - (i) whether there is an inability of the Employer to elect to offer work or an inability of the Employee to elect to accept or reject work (and whether this occurs in practice);
 - (ii) whether, having regard to the nature of the Employer's enterprise, it is reasonably likely that there will be future availability of continuing work in that enterprise of the kind usually performed by the Employee;
 - (iii) whether there are non-casual Employees performing the same kind of work in the Employer's enterprise that is usually performed by the Employee;
 - (iv) whether there is a regular pattern of work for the Employee.
- (d) To avoid doubt:
 - (i) for the purposes of sub-clause 14.5(b) a mutual understanding or expectation may be inferred from conduct of the Employer and Employee after entering into the contract of employment or from how the contract is performed; and
 - (ii) the considerations referred to in sub-clause 14.5(c) must all be considered but do not necessarily all need to be satisfied for an employee to be considered as other than a casual Employee; and
 - (iii) a pattern of work is regular for the purposes of sub-**clause 14.5(c)(iv)** even if it is not absolutely uniform and includes some fluctuation or variation over time (including for reasonable absences such as for illness, injury or recreation).

Casual rates, terms and conditions

- 14.6 A casual Employee shall be entitled to all the applicable rates and conditions of employment prescribed in this Agreement except annual leave, paid personal/carer's leave, paid jury service, paid compassionate leave, paid parental leave and payment for public holidays not worked.
- 14.7 The casual loadings payable under this Agreement compensate the casual Employee for entitlements available only to permanent employees under the

NES, namely annual leave, paid personal/carer's leave, paid compassionate leave, payment for public holidays not worked and notice of termination.

- 14.8 On each occasion a casual Employee is required to attend work the Employee shall be entitled, at a minimum, to payment for eight hours work plus the relevant fares and travel allowance set out in **clause 26.5**.
- 14.9 A casual Employee for working ordinary hours shall be paid 125 percent of the hourly rate prescribed in this Agreement for the Employees' classification (inclusive of a 25% casual loading).
- 14.10 Subject to the provisions of this clause and/or any other explicit provisions of this Agreement that confer a superior benefit, where this Agreement makes provision for the payment of a higher hourly rate to an Employee due to the circumstances of the performance of that work (e.g. overtime, Shiftwork, public holiday work, Inclement Weather), the hourly rate for a casual Employee engaged to perform work under the same circumstances will be 25% higher than the respective rate for a daily hire Employee, in addition to any applicable loadings, penalties, allowances etc.

Example:

Base Rate of Pay	Penalty rate – e.g. Shiftwork/public holiday rate etc.	Casual rate of pay
100%	200% (Base Rate of Pay + 100%)	225% (Base Rate of Pay + 100% + casual loading)
100%	250% (Base Rate of Pay + 150%)	275% (Base Rate of Pay + 150% + casual loading)

*Casual loading = 25% of Base Rate of Pay

- 14.11 Any work performed in excess of eight hours on any day by a casual Employee will attract overtime rates.
- 14.12 A casual Employee required to work on a public holiday prescribed by the NES must be paid 275% of the ordinary time hourly rate prescribed for the Employee's classification (inclusive of a 25% casual loading)
- 14.13 Payment in relation to Industry Funds under this Agreement must be made at the full weekly rate. Pro-rata payments do not apply. For the avoidance of doubt, multiple engagements in any one week do not give rise to an entitlement to multiple Industry Fund payments.
- 14.14 A casual Employee is not subject to the accrual of RDOs under this Agreement. For clarity ordinary hours of work for a casual Employee will be worked for up to eight (8) hours per day, Monday to Friday and between the hours of 6:00 am and 6:00 pm each day. However, subject to the provisions of

this Agreement concerning the performance of work on an RDO, where a casual Employee is directed to perform such work, penalty rates apply.

- 14.15 Termination of a casual Employee's employment shall require one hour's notice.
- 14.16 A casual Employee who is engaged by the Employer to perform work on the Friday immediately prior and the Tuesday immediately following the Building Industry Picnic Day (Picnic Day) will be entitled to be absent on Picnic Day without loss of pay. Where eligible, the casual Employee will be entitled to payment for 8 ordinary hours, inclusive of casual loading. The provisions of clause 48 – Picnic Day including eligibility and applicable rates of pay will otherwise apply to such Employees.

Casual conversion

- 14.17 Where an Employee would accrue any additional right or benefit in either the Award or applicable legislation, including by virtue of their employment meeting the definition of casual employment in those instruments, such rights or benefits will be available to the Employee as a casual Employee under this Agreement. Nothing in this clause diminishes the Parties' rights and obligations with respect to offers and requests for conversion from casual employment to permanent employment as provided for in the NES.
- 14.18 A casual Employee who has been engaged by the Employer on a regular and systematic basis for a period in excess of four weeks thereafter has the right to request in writing to have their contract of employment converted to permanent employment if the employment is to continue beyond the conversion process.
- 14.19 The decision as to whether the employment is made permanent is a decision of the Employer.
- 14.20 Where the Employer does not make a decision and inform the Employee in writing of the decision within seven days of receipt of such a request, the Employer will be deemed to have accepted the request and the Employee will automatically be converted to permanent employment thereafter.
- 14.21 A casual Employee, who has requested in writing to be converted to permanent employment pursuant to **clause 14.18** but whose request is refused by the Employer, is thereafter entitled to be paid a casual loading of 75% for all work performed.

Example:

Rate casual Employee would have received pre-refusal based on circumstances of work:	Rate casual Employee to receive post-refusal for the same work:
125%	175%
225%	275%
275%	325%

14.22 Flexible Working Arrangement

- (a) The Parties recognise the importance of flexible working arrangements and the right of Employees to make requests under section 65 of the Fair Work Act for flexible working arrangements. An Employee may request

a flexible working arrangement if any of the following circumstances apply to the Employee:

- (i) the Employee is pregnant;
- (ii) the Employee is the parent, or has responsibility for the care, of a child who is of school age or younger;
- (iii) the Employee is a carer (within the meaning of the *Carer Recognition Act 2010*);
- (iv) the Employee has a disability;
- (v) the Employee is 55 or older;
- (vi) the Employee is experiencing violence from a member of the Employee's family;
- (vii) the Employee provides care or support to a member of the Employee's immediate family, or a member of the Employee's household, who requires care or support because the member is experiencing violence from the member's family.

Note. An Employee may use the form provided in **Appendix K** of this Agreement.

Example. An Employee as described in subclause (a), for example, may request not to work overtime.

15 Security of Employment

- 15.1 The Employer is committed to maintaining a stable and skilled workforce, recognising its contribution to the operation of the Employer. Subject to the terms of this Agreement, daily hire (and weekly hire for mechanical plant operators) employment is the preferred type of employment under this Agreement.
- 15.2 The Employer will take all measures to achieve employment security for the daily hire Employees (and weekly hire for mechanical plant Employees) of the Employer.
- 15.3 The Employer agrees that it is highly important that work is performed effectively, efficiently and without undue pressure or bullying, and in a way that promotes Occupational Health & Safety and Equal Opportunity principles and practices in the workplace and appropriate representation of Employees should they so request. The Employer will ensure that its employment practices are consistent with the above principles and practices.
- 15.4 **Supplementary labour**
- (a) If the Employer wishes to engage supplementary labour to perform work performed by its Employees under this Agreement, the Employer must first consult in good faith with the affected Employees.
 - (b) Following consultation and subject to this clause, the decision whether to engage supplementary labour is a decision of the Employer alone. Any dispute as to the application of this clause will be dealt with under the disputes settlement procedure under **clause 11** of this Agreement. The Employer will ensure that all supplementary labour is engaged on lawful terms and conditions.

- (c) The Parties agree that crane crew will be employed on a direct full-time basis by either the Principal Contractor, Structure Subcontractor / Formworker or crane owner.
- (d) It is acknowledged that crane crew labour hire is for the purpose of supplementary labour and is temporary in nature. Where there is a requirement for a supplementary crane crew the Parties will consult and agree on alternative short-term arrangements. Examples of where a short-term alternative may be required include:
 - (i) where a task requires the permanent crane crew to be switched to a night shift and a day shift crew is required temporarily
 - (ii) where a crane crew has not yet completed a Project and a new Project has commenced
 - (iii) where a member of the crane crew is on leave

15.5 Sham Contracting and Anti-Wage Theft

The Parties acknowledge the importance of complying with all applicable laws prohibiting sham contracting and wage theft including, but not limited to, the:

- (a) Fair Work Act;
- (b) *Wage Theft Act 2020 (Vic)*
- (c) *Modern Slavery Act 2018 (Cth)*; and
- (d) *Independent Contractors Act 2006 (Cth)*.

15.6 Sham Contracting

- (a) The Parties to this Agreement acknowledge that sham contracting has the potential to undermine fair employment practices, erode Employee entitlements and affect the job security of Employees covered by this Agreement. A sham contracting arrangement includes where an employer attempts to disguise an employment relationship as an independent contracting arrangement. This is usually done for the purposes of avoiding responsibility for employee entitlements.
- (b) In this clause, "sham contracting" is where:
 - (i) an employer employs, or proposes to employ, an individual, representing to the individual that the contract of employment under which the individual is, or would be, employed by the employer is a contract for services under which the individual performs, or would perform, work as an independent contractor;
 - (ii) an employer dismisses, or threatens to dismiss, an individual who is an employee of the employer and performs particular work for the employer in order to engage the individual as an independent contractor to perform the same, or substantially the same, work under a contract for services; or
 - (iii) an employer employs, or has at any time employed, an individual to perform particular work makes a statement that the employer knows is false in order to persuade or influence the individual to enter into a contract for services under which the individual will perform, as an independent contractor, the same, or substantially the same, work for the employer.

- (c) **Clause 15.6(b)(i)** does not apply if the employer proves that, when the representation was made, the employer did not know and was not reckless as to whether the contract was a contract of employment rather than a contract for services.
- (d) Any use of sham contracting is a breach of this Agreement.
- (e) Where a sham contracting arrangement has been reasonably alleged and is unable to be resolved at the workplace level, any Party may refer the allegation directly to the Disputes Panel for conciliation and/or resolution under **clause 11** of this Agreement. All Parties will cooperate with the requests of the Disputes Panel including requests to provide substantiating information or undertaking an independent audit of their arrangements. For the avoidance of doubt, an affected Employee may appoint a representative in relation to such matters.
- (f) Where the sham contracting allegation exists on the Employer's Project, the Employer will make itself available to assist the disputes resolution procedure.
- (g) Where the Disputes Panel Chair deems it necessary due to seriousness of the allegations and/or their findings, the Chair may refer the matter to the appropriate government authority.
- (h) Where it is agreed or determined by the Disputes Panel or FWC that a sham contract was in place and the person was in fact an Employee under this Agreement, the calculation for back pay will be calculated on the basis of the hourly rate contained in this Agreement plus the site allowance (if applicable), plus the multi-storey allowance and an additional 75% loading to cover entitlements other than CBUS and Incolink. Any difference between the hourly rate paid to the Employee, plus CBUS and Incolink will form the settlement for breach of this clause. The affected Employee will be re-inducted and fully informed of their entitlements under this Agreement and the Fair Work Act.
- (i) The Employer must ensure that a person engaged to undertake building work as an Employee or as an independent contractor is lawfully entitled to be so engaged under Australian law.
- (j) The Employer agrees that the Employees will be paid in accordance with the applicable wage rates and allowances as prescribed in this Agreement.
- (k) The Employer in particular acknowledges the Sham Contracting Compliance Checklist, as attached at **Appendix L**, provides a useful tool to ensure ongoing compliance.

15.7 **Anti-wage theft**

- (a) The Employer is committed to ensuring that all Employees are remunerated properly in accordance with this Agreement. Any failure to do so constitutes a breach of this Agreement. The Employer must not deliberately withhold wages, superannuation or Employee entitlements, falsify Employee records, or fail to keep employment records.
- (b) Any falsification of pay slips or Employee records is a breach of this Agreement.

16 Use of Subcontractors

- 16.1 Where the Employer seeks to subcontract structure works that may be performed by Employees covered by this Agreement, only genuine subcontractor businesses should be utilised. Works may be sub-subcontracted to genuine subcontractor businesses: where direct engagement is not practicable; or where it is consistent with custom and practice (for example, when contractors subcontract packages of work that they do not self-perform to key trades such as steel fixers, concretors and post tensioning etc.). The intent remains that key trades including formworkers and stripping crews will be employed directly by the Employer.
- 16.2 Where the Employer engages a Subcontractor to perform work that may be performed by Employees covered by this Agreement, it will review documentation regarding the Subcontractor's compliance with applicable workplace laws (which may include compliance with the relevant industrial instrument, workers' compensation insurance, superannuation, portable long service leave (LeavePlus) and applicable industry Redundancy funds (for example, Incolink)).
- 16.3 The Employer will, on request from its Employee or the Union, who has a reasonable belief of a non-compliance with **clause 16.2** above, provide evidence demonstrating its compliance.
- 16.4 Nothing in this clause requires information to be provided in a manner that is inconsistent with the *Privacy Act 1988* (Cth).

17 Visa Compliance

- 17.1 The Employer will ensure all Employees are lawfully entitled to work in Australia performing work under the Agreement. In circumstances where the proposed employment of overseas workers on any temporary visa forms part of a "major workplace change", the Employer acknowledges its obligations to consult in accordance with **clause 12** – Consultation of this Agreement.
- 17.2 Should the Parties find themselves in disputation under this clause as to whether an Employee is entitled to work in Australia and/or is paid the appropriate rates, and the dispute is not able to be resolved at the workplace level, the matter shall be referred to the Disputes Panel under **clause 11** of the Agreement.
- 17.3 The Employer will maintain HR systems (including utilising the VEVO system on an ongoing basis), to ensure that temporary foreign Employees are at all times employed in accordance with the conditions of their visas.
- 17.4 Existing and prospective Employees will be required to complete an Authority obtained from the DHA with details of immigration status. No person will be allowed to undertake any work for the Employer unless it is verified that he/she has the right to work in Australia.
- 17.5 The Employer must ensure that no person who is not an Australian citizen or Australian permanent resident (within the meaning of the *Migration Act 1958*), or does not otherwise have unrestricted work rights, is employed to undertake building work for the Employer unless:
- (a) the position is first advertised in Australia; and

- (b) the advertising was targeted in such a way that a significant proportion of suitably qualified Australian citizens and Australian permanent residents would be likely to be informed about the position; and
- (c) any skills or experience requirements set out in the advertising were appropriate to the position; and
- (d) the Employer demonstrates that no Australian citizen, Australian permanent resident or person with unrestricted work rights is suitable for the job.

18 Notice of Termination

18.1 Daily Hire - Tradespersons & Labourers

One days' notice of termination shall be given by either side, or one day's pay shall be paid or forfeited.

18.2 Weekly Hire - Mechanical Plant Operators and Part Time Employees

If the Employer decides to terminate the employment of a Weekly Hire Employee, the Employer shall give the following notice:

Period of Continuous Service	Period of Notice
One (1) year or less	One (1) week
Over one (1) year & up to the completion of three (3) years	Two (2) weeks
Over three (3) years & up to the completion of five (5) years	Three (3) weeks
Over five (5) years	Four (4) weeks

In addition to the above notice, Employees over 45 years of age with not less than two (2) years continuous service shall be entitled to an additional one (1) week's notice.

Notice of resignation by Weekly Hire Employee - The notice given by a Weekly Hire Employee shall be the same as that required of the Employer except that there shall be no additional notice based on the age of the Weekly Hire Employee concerned.

18.3 Termination without Notice

The Employer may terminate an Employee's employment without notice if the Employee engages in serious misconduct.

18.4 Termination prior to a Public Holiday

- (a) If the Employer terminates the employment of an Employee, the Employer will pay the Employee a day's ordinary wages for each public holiday prescribed in this Agreement which falls within ten (10) consecutive calendar days after the date the Employee's employment is terminated. For clarity, day one is the day after the Employee's employment was terminated.
- (b) Where two (2) or more of the holidays fall within a seven (7) day span, such holidays shall be a 'group' of holidays. If the first day of the group of holidays falls within ten (10) consecutive calendar days after the date the Employee's employment is terminated, the whole group shall be deemed to fall within the ten (10) consecutive days, and the Employee will be

paid a day's ordinary wages for each such day. For example, Christmas Day, Boxing Day and New Year's Day (or days in lieu thereof) shall be regarded as a group.

19 Additional Provisions

- 19.1 Upon termination of employment, the Employer shall pay each terminated Employee all accrued entitlements and other wages owing and provide a separation certificate within two (2) business days of termination, unless otherwise agreed in writing between the Employer and Employee, or the Employee shall be entitled to claim payment for all time beyond the two working days, up to a maximum of 8 hours per day, including Saturday and Sunday, until the entitlements are paid.
- 19.2 Within 2 days of termination the Employer will supply the relevant paperwork to allow an Employee to access their Incolink Redundancy Fund. Within one week of termination, the Employer will comply with reporting of remaining sick days to Incolink for the purpose of Portable Sick Leave.

20 Redundancy

- 20.1 Subject to the following procedure, it is agreed that it is the Employer's prerogative to determine the order of selection of Employees for employment or retrenchment.
- 20.2 All relevant legislation governing unfair dismissal, discrimination etc. will be observed.
- 20.3 Voluntary terminations will be encouraged as a first step.
- 20.4 The seniority of Employees - within classifications, experience or skills held - will be observed by the Employer in selecting Employees for retrenchment.
- 20.5 The dispute settlement procedures set out in Part 2 will apply in the event of any concerns arising regarding retrenchments.
- 20.6 An Employee is entitled to access their Redundancy payments when they cease to be employed by the Employer. The amount of the Redundancy payment shall be whichever is the greater of the entitlement due under the Award as in force from time to time or the entitlement of the Employee under the Nominated Redundancy Fund trust deed (or under the constituting documents of any fund nominated by Incolink under this clause).

Note that the industry-specific Redundancy scheme prescribed by the Award as in force from time to time is expressly incorporated into this Agreement (including for clarity, in respect of work falling within the scope of **clause 4.2**).

21 Industry fund compliance

- 21.1 The Employer shall ensure that all its Employees covered by this Agreement are compliant with the industry schemes Incolink, Superannuation (including CBUS where the default fund is adopted) and LeavePlus.
- 21.2 It is acknowledged that information confirming compliance (i.e. registration and contribution status) may be provided by the industry scheme/s to the Parties on request, provided that any individual whose information is to be made available has consented to such information being provided.
- 21.3 On commencement, and in accordance with fund procedures, the Employer shall register the Employee/s with the relevant industry funds. These are CBUS

for superannuation, Incolink for severance pay, portable sick leave, bill payer insurance and income protection insurance, and LeavePlus for long service entitlements.

- 21.4 It is a specific requirement that the Employer shall ensure that all payments to the abovementioned funds and schemes are up to date and made in full in accordance with the relevant Trust Deed or scheme of the fund.
- 21.5 When an Employee or their representative raises a concern in respect of the Employee's entitlements and/or the Employer's compliance with payments and/or registration with the abovementioned funds or schemes, the Employer shall provide to the Employee, or their representative if requested by the Employee, all relevant information to assist in resolving any concerns.
- 21.6 **Failure to Make Payments to Industry Funds etc.**
If a person covered by this Agreement has a genuine and reasonable belief that the Employer has failed to comply with **clauses 21 to 24** (inclusive) the following process will apply:
- (a) the person or their representative must notify the Employer in writing of the alleged noncompliance and what must be done to remedy it;
 - (b) the Parties must consult in good faith in an effort to resolve the matter;
- 21.7 Any disputes related to this clause shall be dealt with via the disputes procedure. The Parties are committed to resolving any genuine and reasonable disagreement about whether any amount is owing or outstanding as quickly as practicable.
- 21.8 **Additional Remedy for Non-Compliance with Superannuation**
If the Employer does not contribute the amounts in accordance with this Agreement, the relevant Trust Deed and the Fund or scheme the Employer shall be liable to make the appropriate contributions immediately upon notification of the non compliance. Further, the Employer shall pay the earnings on the relevant Trust Deed and the Fund or scheme that would have accrued during the period of non-payment. The requirement for the Employer to make retrospective payments shall not limit any common law action which may be available in relation to death, disablement or any other cover existing within the terms of a relevant fund.
- 22 Superannuation**
- 22.1 Superannuation contributions must be paid in accordance with this clause and the *Superannuation Guarantee Administration Act 1992* (Cth), which will satisfy the Employer's obligation regarding making superannuation contributions under the NES.
- 22.2 Subject to applicable legislation regarding choice of fund and/or stapled funds, the Employer will make superannuation payments on behalf of each Employee into CBUS as the default fund.
- 22.3 The level of contributions paid on behalf of each Employee (other than an Apprentice) will be, at a minimum, \$280 per week.
- 22.4 Pro-rata payment does not apply, except in the case of flexible working arrangements entered into pursuant to **clause 14.2**.

22.5 The level of contributions paid on behalf of each Apprentice must be, at a minimum:

	1st Year - 55%	2nd Year – 70%	3rd Year – 85%	4th Year – 100%
Minimum contribution	\$154.00	\$196.00	\$238.00	\$280.00

22.6 The above contributions may be counted by the Employer as an offset against any payments otherwise required to be made by the Employer to avoid the Employer being required to pay the superannuation guarantee charge under superannuation legislation with respect to an Employee. However, the above contribution rates do not limit the Employer's liability under the *Superannuation Guarantee (Administration) Act 1992* (Cth).

22.7 All superannuation contributions will be paid at least monthly subject to the relevant governing trust deed, rules and/or legislation.

22.8 Salary sacrifice

- (a) Where an Employee wishes to have their pay salary sacrificed for additional superannuation, the Employer will comply with the Employee's request without unreasonable delay and consistent with any relevant statutory requirements.
- (b) All entitlements and benefits contained in this Agreement will be calculated on the pre-salary sacrifice pay rate.

22.9 Where an Employee nominates an eligible superannuation fund other than CBUS, references to CBUS in this Agreement will be read as the eligible superannuation fund nominated by the Employee.

23 LeavePlus (Long service leave)

23.1 Long Service Leave Scheme

- (i) The occurrence of high winds, whilst constituting 'Inclement Weather' affecting some work processes, does not give rise to an entitlement for any Employee whose work is suspended to leave the site and be paid. Payment will not be made for time so lost. The provisions of **clauses 31.4 and 31.5** do not apply to the time any work is suspended due to the effects of high wind.

(d) **Temperature Measurement**

- (i) Temperature will be measured by the nearest automatic Melbourne Bureau of Meteorology Monitoring Station unless otherwise agreed between onsite management and Employee representatives at the commencement of each Project. If any disputation under this clause cannot be resolved at the workplace level, it will be referred to the Disputes Panel under **clause 11** of the Agreement as soon as practicable.

(e) **Working Arrangements**

- (i) The former industry practice whereby all Employees on site working in direct sunlight were relocated to shaded or air-conditioned areas when the temperature reached 32°C, will no longer operate.
- (ii) At temperatures below 35°C workers are not to be relocated out of

direct sunlight unless the work environment creates a serious risk to their health and safety, having regard to the nature of the tasks being undertaken, provided that the task or activity being performed is completed and the penalty provisions as for emergency work under the Award shall apply.

- (iii) Once the temperature reaches 35°C work will cease, and workers may leave the site, provided that the task or activity being performed is completed and the penalty provisions as for emergency work under the Award shall apply.
 - (iv) During periods of hot weather, work in air-conditioned environments shall continue as normal. Workers will walk a reasonable distance through the open to and from amenities and the air-conditioned workspace, provided it does not pose a serious threat to their health or safety. Alternatively, where the Employer can artificially ventilate covered spaces onsite and reduce the temperature to below 35°C, work may continue as normal subject to consultation and agreement with affected Employees to comply with the provisions of this clause.
 - (v) By agreement with the OH&S committee and head contractor during periods of Inclement Weather (heat) the Saturday break roster can be applied to weekday work.
- (f) **Payment**
- (i) An Employee shall not be entitled to payment for Inclement Weather as provided for in this clause unless the Employee remains on the job until the provisions set out in this clause have been observed.
 - (ii) The entitlement to payment for time lost due to Inclement Weather is an entitlement limited to ordinary time lost, and does not apply to overtime and/or weekend work. Should overtime or weekend work be suspended due to Inclement Weather, then overtime payments will cease subject to the provisions of this Agreement concerning minimum payment for Saturdays and Sundays in which case the minimum time payments as prescribed by the Agreement shall apply.
 - (iii) Payment for time lost due to Inclement Weather is at the rate of Ordinary Time Earnings.
 - (iv) All necessary steps shall be taken to ensure a full working understanding of the Inclement Weather standards, as contained in this Agreement, is achieved and maintained by the management and workers.
 - (v) Should a portion of the Project be affected by Inclement Weather, all other Employees not affected shall continue to work in accordance with the appropriate Agreement provisions, regardless that some Employees may be entitled to cease work due to Inclement Weather.
 - (vi) Where an Employee is prevented from performing their typical duties as a result of Inclement Weather, the Employer may direct the Employee to perform other productive work provided such work

is within the Employee's general scope of work per classification. This applies to all Employees on site, including members of the form worker, steel fixer, PT, concreter and crane crew. Any Employees so directed will suffer no reduction in pay and entitlements under this Agreement. For example, a CW7 Employee (crane crew) may be directed to perform materials handling tasks such as hoist, forklift, pallet jack, spotting for forklift etc.

- (vii) Employees who are required to commence work at or after the end of the ordinary day work hours and when the temperature is at or over 35°C will remain on site in air-conditioned amenities for a minimum two hours, holding themselves available to commence work should the temperature fall below 35°C.
- (viii) Prior to any Employee leaving the site due to Inclement Weather, consultation shall take place between Employee Representatives and Site Management. Any stoppage of work, or withdrawal from site, without due consultation will mean that all involved Employees are denied an entitlement to payment as per this clause.

(g) **Entitlement to payment**

- (i) An Employee shall be entitled to payment by the Employer for Ordinary Time Earnings lost through Inclement Weather for up to 32 hours in every calendar month. For the purpose of this sub-clause the following conditions shall apply:
 - (A) an Employee shall be credited with 32 hours at the commencement of each calendar month.
 - (B) the number of hours at the credit of any Employee at any time shall not exceed 32 hours.
 - (C) if an Employee commences employment during a calendar month the Employee shall be credited 32 hours where the employee commences on any working day within the first week; 24 hours where the employee commences on any working day within the second week; 16 hours where the Employee commences on any working day within the third week; and 8 hours where the Employee commences on any working day within the fourth week.
 - (D) no Employee shall be entitled to receive more than 32 hours Inclement Weather payment in any calendar month.
 - (E) the number of hours credited to any Employee under this clause shall be reduced by the number of hours for which payment is made in respect of lost time through Inclement Weather.
 - (F) payment under this clause shall be weekly.
- (ii) Provided further and subject to **clause 31.3(g)(i)(C)**, an Employee working on a part time weekly basis shall be entitled to payment on a pro-rata basis according to the number of ordinary hours agreed to be worked in the calendar month. The method of calculation of a part-time daily hire Employee's proportionate entitlement shall be as follows:

32 x (A) divided by 156

Note:

(A) is averaged hours per calendar month over a 12 month period.
(A) can be calculated by the following method: weekly part time hours x 52 weeks divided by 12 months

156 is the average total hours per month i.e. 36 hours per week x 52 weeks divided by 12 months

Example:

Where an Employee works **20** hours per week, their Inclement Weather entitlement would be calculated as follows:

$$(A) = 20 \times 52 \text{ divided by } 12 = 86.67$$

$$32 \times 86.67 \text{ divided by } 156 = 17.77 \text{ hours, rounded to } 18 \text{ hours}$$

The Employee is entitled to 18 hours of Inclement Weather per calendar month. If the resultant number is 0.0 > 0.49 round down to the nearest hour, 0.50 > 0.99 round up to the nearest hour.

(h) **Transfers**

(i) Employees may be transferred from one location on a site where it is unreasonable to work due to Inclement Weather, to work at another location on the same site, or another site, which is not affected by Inclement Weather subject to the following:

(A) no Employee shall be transferred to an area not affected by Inclement Weather unless there is work available in the Employees' classification.

(B) Employees may be transferred from one location on a site to work in areas which are not affected by conditions of Inclement Weather even though there may not be work for all Employees in such areas.

(C) Employees may be transferred from one site to another site and the Employer shall provide, where necessary, transport.

(i) **Conference Requirement and Procedure**

(i) The Employer, or the Employer's representative, shall, when requested by the Employees or their Employee Representative/ Union Delegate, confer (within a reasonable period of time which should not exceed 1/2 hour) for the purpose of determining whether or not conditions are inclement.

(ii) Provided that if the Employer or the Employers' representative refuses to confer within such reasonable period, Employees shall be entitled to cease work for the rest of the day and be paid Inclement Weather.

(j) **Cessation and Resumption of Work**

(i) At the time Employees cease work due to Inclement Weather the

Employer or the Employer's representative on site and the employee's representative shall agree and note the time of cessation of work.

- (ii) After the period of Inclement Weather has clearly ended the Employees shall resume work and the time shall be similarly agreed and noted.

(k) **Safety**

- (i) Where an Employee is prevented from working at the Employee's particular function as a result of unsafe conditions caused by the Inclement Weather, the Employee may be transferred to other work in the Employee's classification on site, until the unsafe conditions are rectified. Where such alternative is not available and until the unsafe conditions are rectified, the Employee shall remain on site. The Employee shall be paid for such time without reduction of the Employees' Inclement Weather entitlement.

31.4 Requirements for Work to Continue on Sites Affected by Wet Weather

- (a) Where Employees are prevented from working because it is raining:
 - (i) for more than an accumulated total of four hours of ordinary time in any one day;
 - (ii) after the meal break, for more than an accumulated total of 50% of the remaining work time; or
 - (iii) during the final two hours of the normal working day for more than an accumulated total of one hour;

the Employer shall not be entitled to require the Employees to remain on site beyond the expiration of any of the above circumstances.

- (b) Provided that where, by agreement between the Employer and/or the Employer's representative and the Employee's representative, the Employees remain on site beyond the periods specified above, any such additional wet time shall be paid for but shall not be debited against the Employees' hours.

31.5 Rain at Starting Time

- (a) Where the Employees are in the sheds, because they have been rained off, or at starting time, morning tea, or lunch time, and it is raining, they shall not be required to go to work in a dry area or to be transferred to another site unless:
 - (i) the rain stops; or
 - (ii) a covered walkway has been provided; or
 - (iii) the sheds are under cover and the Employees can get to the dry area without going through the rain; or
 - (iv) the distance to walk to the dry area is no more than 50m (or further where agreed by the Parties) in circumstances where the amenities are temporarily located outside of the site boundary, and it is not possible to provide covered walkways.

It is acknowledged that some Projects have unique circumstances e.g. council restrictions, health and safety considerations etc. that mean that it is not possible to locate the amenities within the site boundaries for a period of time. On these Projects the parties will consult at a senior level to determine the appropriate temporary measure.

It is not the intent of this clause that Employees walk in the rain in all circumstances. Where an Employer seeks to use this provision due to the nature of a Project, they will consult with the parties as to the operation of this clause and determine an appropriate definition of "drenched". If there is a potential for the Employee to get "drenched" they will not be required to walk to the Workfront Senior levels of the union and the Employer will be involved in the implementation of this clause. This clause only applies to projects within the Melbourne CBD as bounded by Spring Street, Victoria Street, Spencer Street and Flinders Street; or

- (v) Adequate protection is provided. Protection shall, where necessary, be provided for the Employees' tools.
 - (vi) In the case of mechanical plant operators carrying out early works as the principal activity or mechanical plant demolition on a site and they have a dry cabin to work from and they can safely access their cabin without getting "drenched", they will return to work so long as the work itself is safe to perform. The Employer will ensure that other necessary personnel are provided to ensure safety of the workforce and the public.
- (b) In this clause, a dry area shall mean a work location that has not become saturated by rain or where Employees would not become wet.

31.6 **Dewatering**

- (a) **Where the whole of a site** is so affected by surface water following a period of rain that all productive work is suspended by agreement of the Parties, then dewatering shall proceed as above with Employees so engaged being paid at penalty rates as is the case for safety rectification work. This work is typically performed by Employees engaged within CW1, CW2 or CW3 classifications. When other Employees are undertaking productive work in an area or areas not so affected then dewatering will only attract single time rates.
- (b) **Where a part of a site** is affected by surface water following a period of rain, thus rendering some areas unsafe for productive work, consistent with the Employer's obligations under the OH&S Act, appropriate Employees shall assist in the tidying up of their own work site or area if it is so affected. Where required, appropriate Employees will be provided with the appropriate PPE. Such work to be paid at single time rates. Productive work will continue in areas not so affected.
- (c) To avoid any confusion any 'dewatering' time which prevents an Employee from being engaged in their normal productive work is not included in any calculation for the purposes of determining whether an Employee is entitled to go home due to wet weather (refer **clauses 31.4 and 31.5**)

31.7 Completion of Concrete Pours and Emergency Work

- (a) Except as provided in this sub-clause an Employee shall not work or be required to work in the rain.
- (b) Employees shall not be required to start a concrete pour in Inclement Weather.
- (c) Where a concrete pour has been commenced prior to the commencement of a period of Inclement Weather Employees may be required to complete such concrete pour to a practical stage and for such work shall be paid at the rate of double time calculated to the next hour, and in the case of wet weather shall be provided with adequate wet weather gear.
- (d) If an Employee's clothes become wet as a result of working in the rain during a concrete pour the Employee shall, unless the Employee has a change of dry working clothes available, be allowed to go home without loss of pay.
- (e) The provisions of **clauses 31.7(c) and 31.7(d)** hereof shall also apply in the case of emergency work where the Employees concerned and their delegates agree that the work is of an emergency nature and can start and/or proceed.

32 Training and Related Matters Training and Related Matters

32.1 The Parties to this Agreement recognise that to increase the efficiency and productivity of the Employer, a significant commitment to structured training and skills development is required. The Employer recognises its obligation to contribute to the skills and knowledge base of the industry.

32.2 The Employer will use agreed accredited training providers to provide any training contemplated by this clause to Employees in accordance with the following conditions:

- (a) assessment of Employee skills will be against those required in the nationally recognised formal training package relevant to their work. Any necessary training will be provided to attain the relevant nationally recognised formal qualification.
- (b) training provided will be consistent with the Employer's business requirements, relevant to the work of the Employees, consistent with the skills development of each Employee and with applicable national competency standards.
- (c) the Employer will provide Employees with any paid training time necessary to maintain the currency of their skills through recognition of prior learning, refresher training and verification of competency processes.
- (d) training may be taken either on or off the job with all reasonable steps being taken to conduct training in normal working hours.
- (e) if an approved training activity is undertaken during ordinary working hours, the Employee(s) concerned will not suffer any loss of pay.
- (f) all training required by the Employer will take place during an Employee's ordinary rostered hours unless agreed by the Employee and the Union. Approved training activities undertaken outside of an

Employee's ordinary hours will be paid at their Base Rate of Pay or may, with the consent of the Employer, be taken as time off in lieu of payment. Provided that the scheduling of time off must be consistent with the needs of the business and be by agreement with the Employer.

- (g) costs of training approved by the Employer will be met by the Employer (e.g. Construction Induction Training (White Card)).
- (h) the Employer will not be asked to meet the costs of training undertaken by Employees which was not approved by the Employer.
- (i) leave of absence granted pursuant to this clause will count as service for all purposes of the Award and this Agreement.
- (j) the Employer will pay for any training necessary for Employees to obtain and maintain any licences, tickets and/or registration, required for the Employee to perform work applicable to the Employee's current classification, as required by law.

32.3 To provide any training dealing with nationally recognised formal qualifications contemplated by this **clause 32 and Appendix P**, the Employer will use:

- (a) an Industry RTO or an RTO funded by the Victorian Building and Construction Industry Training Fund; or
- (b) an Industry TAFE.

32.4 An Industry RTO or Industry TAFE is an RTO or a TAFE that meets the following criteria:

- (a) training and assessment in the relevant qualification or accredited short course is delivered in accordance with the National Competency Standards or industry State-based competency standards in recognised short courses;
- (b) all structured training is aligned with the NCVET nationally agreed (or the equivalent state VET agreed hours as set out by the Victorian Training Package Purchasing Guide) nominal hours associated with the course or qualification and a documented rationale is provided when deviation from nominal hours occurs for a particular student;
- (c) where applicable, log books of practical application of skills are provided and monitored;
- (d) access to pastoral support for students is provided;
- (e) expertise in meeting the needs of a diverse cohorts of students including language, literacy, numeracy and learning needs is demonstrated;
- (f) use of online resources is restricted to use as a study tool;
- (g) no credential is assessed online unless exceptional circumstances apply; and
- (h) access is available to all plant and equipment required to successfully train and assess in the competencies to be delivered.

33 Licensed trades – recognition of prior learning

33.1 The Parties recognise the importance of the Victorian Government's proposal to introduce a new registration and licensing scheme for tradespeople that is

aimed at reducing non-compliant building work, enhancing industry accountability and encouraging skills formation.

- 33.2 If a licensing or registration of trades scheme is introduced during the life of the Agreement, the Employer commits to consulting with its affected Employees in good faith, for the purposes of establishing a framework for compliance that is fair and practical.

34 Accident Pay and Workers Compensation

- 34.1 Accident pay means a weekly payment of an amount being the difference between the weekly amount of compensation paid to the Employee pursuant to the relevant workers compensation legislation and the Employee's appropriate 36 hour rate prescribed in **Appendix B** of this Agreement (pro-rata for part time and casual Employees).
- 34.2 The Employer shall pay accident pay, during the incapacity of their Employee/s arising from any one injury, for a total of fifty-two (52) weeks - irrespective of whether such incapacity is in one continuous period or not. The calculation of the 52 weeks shall be that period of time, irrespective of whether is in one continuous period or not, during which the Employee receives a weekly amount of compensation paid pursuant to the relevant workers compensation legislation.
- 34.3 The liability to pay accident pay arises from the date of the injury or accident in respect of which compensation is payable under the said relevant workers compensation legislation and the termination of the Employee's employment for any reason during the period of any incapacity shall in no way affect the liability of the Employer to pay accident pay as provided in this clause.
- 34.4 In the event that an Employee receives a lump sum in redemption of weekly payments under the said relevant legislation, the liability of the Employer to pay accident pay as herein provided shall cease from the date of such redemption.
- 34.5 **Employee Entitlements while on Worker's Compensation**
If an Employee is absent from work and is in receipt of worker's compensation, the Employee's contract of employment shall remain intact during the period of absence, the Employer shall continue to make contributions on behalf of the Employee to all the Employee Entitlement Funds as outlined in **clauses 21 to 24** (inclusive) of this Agreement. The Employee shall also continue to accrue all appropriate leave entitlements for the entire period for which worker's compensation is in receipt.

PART 5 - HOURS OF WORK AND RELATED MATTERS

35 Hours of Work

- 35.1 Ordinary hours of work will be eight (8) hours per day, Monday to Friday with the notional weekly hours based on a 36 hour week in accordance with **clause 37**. Overtime may be worked outside of the ordinary hours of work.
- 35.2 **Starting/Finishing times**
- (a) Ordinary daily hours may be worked between the hours of 6:00 am and 6:00 pm.
- 35.3 Subject to **clause 35.5**, the Employer has the right to otherwise alter start and finish times within the spread of ordinary daily hours. Prior to altering start and finish times (other than in accordance with **clause 35.5**) the Employer will consult with the affected Employees and
- (a) provide not less than eighteen hours of notice to affected Employees of the change to start and finish times; and
- (b) have regard to the intention of avoiding excessive overtime.
- 35.4 The Parties acknowledge that during the winter months flexibility around later start times, for example 7:30am, can facilitate increased productivity on site.
- 35.5 Without limiting the Employer's rights expressed in **clauses 35.2 and clause 35.3**, where the Employer has identified that a set starting time creates problems with the efficient movement of the workforce to their workplaces, the Parties agree to consult jointly with affected Employees to establish an efficient start time regime.
- 35.6 Where a dispute arises over the Employer's exercise of the right to alter start and finish times under this clause and it cannot be resolved at the workplace level, any Party may refer the dispute directly to the Disputes Panel for conciliation and/or resolution under **clause 11** of this Agreement. All Parties will cooperate with the requests of the Disputes Panel including requests to provide substantiating information. For the avoidance of doubt, an Employee may appoint a representative in relation to such a dispute.

36 Shiftworkers

- 36.1 Shiftworker for the purposes of this clause is defined as an Employee who performs Shiftwork and who starts or finishes a shift outside of the ordinary hours set out at **clause 35.2** above.
- 36.2 A Shiftworker shall be paid at the rate of double time for all hours worked.
- 36.3 An Employee who has to work Shiftwork shall be given at least 48 hours of notice of the requirements to work shiftwork.
- 36.4 For clarity, Shiftwork, means work comprising recurring periods in which different groups of workers do the same jobs in rotation; the different groups of workers do not necessarily need to be employed by the same employer for the purpose of this definition.

37 Rostered Days Off

- 37.1 The ordinary working hours shall be worked in a ten (10) day/two (2) week cycle, Monday to Friday inclusive with eight (8) hours worked on each of nine days within the cycle and with 0.8 of an hour on each of those days accruing toward the tenth day, which shall be taken as a paid day off. The tenth day will be known as the Rostered Day Off or **(RDO)**.
- 37.2 RDOs are paid at the ordinary time rate paid to Employees at the time of taking the RDO and will include the daily 'Fares & Travelling Allowance', and any applicable Site Allowance as prescribed by this Agreement.
- 37.3 For clarity, 26 RDOs will be accrued by an Employee in each twelve months continuous service. The Employer must maintain a RDO accrual system that accurately records the accrual of RDOs in accordance with this Agreement.
- 37.4 Each day of paid leave taken and any public holiday occurring during any cycle of two weeks will be a day worked for accrual purposes.
- 37.5 Upon commencement of employment, Employees who have not worked a complete ten (10) day/two (2) week cycle, will receive pro-rata accrual entitlements for the first RDO or group of RDOs falling after their commencement of employment.

An Employer and Employee may agree to RDO accruals in advance in instances where the Employee does not have sufficient RDO accruals when an RDO falls due.

- 37.6 Upon termination of employment, an adjustment will be made to ensure that the full RDO entitlements, and no more, have been provided. This means that Employees then having received more RDOs than they were entitled to will have the relevant amount removed from final termination payments, and Employees who have received less than their full RDO entitlement will have the outstanding amount added to final termination payments.

37.7 RDO Schedule/ Working Day Calendar

- (a) The Employer recognises that hours accrued in accordance with **clause 37** create a bank of hours to be drawn upon by the Employee, as a paid RDO. The Employer recognises that Employees are entitled to take off days accrued in accordance with this clause.
- (b) The agreed indicative RDO/Working Day Calendars for 2024 to 2029 are attached at **Appendix D** of this Agreement.
- (c) For the avoidance of doubt, nothing in the arrangement for an indicative RDO / Working Day Calendar is intended to impose a limit on the ability of the Employer to determine with its Employees when and where work can be performed to meet operational requirements or otherwise limit the Employer's right to manage its business and improve productivity.

37.8 Work on Scheduled RDOs

Circumstances

- (a) Work may take place on a scheduled RDO by agreement between the Parties to this Agreement or on any substituted day where it is required by the Employer and such work is necessary to meet operational requirements, manage its business and/or improve productivity subject to the below procedure.

- (b) Examples of where work may take place include, but are not limited to, the following:
- (i) to allow other Employees to be employed productively, to carry out out-of-hours maintenance; or
 - (ii) because of unforeseen delays to a particular Project or a section of it; or
 - (iii) for other reasons arising from unforeseen or emergency circumstances on a Project.

For the avoidance of doubt, unforeseen or emergency circumstances include, but are not limited to: excessive periods of Inclement Weather, matters not necessarily the fault of the Employer which has led to the Project being delayed or behind schedule, the requirement to meet the Employer's work program and unexpected delays in the Project due to scheduling of other works or supply of materials, or work that cannot be performed on other days because of municipal council restrictions, or other relevant laws or regulations.

Such requirement must be based on genuine circumstances.

Procedure

- (c) Where the Employer requires work to be performed on a Scheduled RDO (or any substituted day) because of the existence of any of the above, it will:
- (i) consult with the affected Employees and the Union within a reasonable timeframe;
 - (ii) determine that affected Employees agree to work on the Scheduled RDO; and
 - (iii) the Employer will notify and agree with the Employees and their Union representative in writing (via email prior to the RDO when work needs to be performed. The attached notification form (Appendix I) may be used for this purpose. Affected Employees will be entitled to meet with their Union Representative for the purpose of consulting about works to occur on a scheduled RDO. The attached notification form (**Appendix I**) may be used for this purpose.
- (d) The Employer is committed to providing as much notice as is reasonably practicable of a requirement to work. Wherever possible, the process outlined above will occur at least nine (9) calendar days prior to the RDO in question. An Employee may refuse to work on a scheduled RDO (or any substituted day) if the requirement to do so is plainly unreasonable having regard to:
- (i) the hours of work that will be worked by that Employee in the week of the scheduled RDO;
 - (ii) the number of scheduled RDOs worked by the Employee within the previous six weeks;
 - (iii) the Employee's family responsibilities; and

- (iv) any other special circumstances peculiar to the Employee.

Applicable Rates for Work on Scheduled RDOs

- (e) An Employee required to work who has been consulted with in accordance with the Procedure, in addition to accrued entitlements, will be paid at the Employee's Ordinary Rate prescribed in this Agreement for the Employees' classification.
- (f) An Employee required to work who has not been consulted with in accordance with the Procedure, in addition to accrued entitlements, will be paid as if they were undertaking Public Holiday Work in accordance with **clause 38.9** of this Agreement. For the avoidance of doubt, where the Employer has consulted with the Union in accordance with subclause (c) rates of pay will be in accordance with subclause (e).
- (g) For the avoidance of doubt notwithstanding that casual Employees do not accrue RDO's, any work performed by a casual Employee on an RDO will be paid at the appropriate penalty rates for full time employees plus casual loading.

Scheduled RDOs on Designated Long Weekends

- (h) It is recognised that there is merit in programming no work on the RDOs adjacent to public holiday weekends during the working year. This will allow Employees to have quality paid family leisure time.
- (i) A Designated Long Weekend (**DLW**) is a weekend where an RDO below falls adjacent to (either before or after) a public holiday.
- (j) Where work is required on RDOs which falls on a DLW, the Procedure will be followed, and agreement must be reached between the Employer and a majority of affected Employees.
- (k) An Employee required to work, in addition to accrued entitlements, will be paid as if they were undertaking Public Holiday Work in accordance with **clause 38.9** of this Agreement, for each weekend day, the public holiday and the RDO.
- (l) All Employees who work on the Scheduled RDO will be granted an alternative RDO to another day falling within six weeks of the originally scheduled day provided that the re-scheduled RDO is to be taken on a day or days adjacent to a weekend or in conjunction with annual leave, or as otherwise agreed between the Employer and the majority of its affected Employee/s, such agreement shall not to be unreasonably withheld.

Note: See also Easter and Christmas Shut Down at **clause 40.7**.

37.9 Disputes concerning the Employer's intent to work on a particular scheduled RDO

- (a) Where in accordance with the disputes resolution procedure, the Union has been advised by the affected Employees of a concern regarding the process undertaken to work on the scheduled RDO (or substituted day) it will, by close of business on the Monday following the provision of the Employer's notification, notify the Employer and the Disputes Panel of this concern.

- (b) Given the nature of the urgency of such matters, the Disputes Panel will prioritise such disputes to be heard within one (1) working day (where practicable).
- (c) Prior to the scheduled Disputes Panel hearing, the Parties may hold discussions to attempt to resolve the matter.
- (d) Where the Union fails to notify the Employer and the Disputes Panel by close of business on the Monday following the provision of the Employer's notification, work shall be performed on the scheduled RDO (or substituted day) in question unless prior to the scheduled RDO (or substituted day), the Disputes Panel has heard the matter and determined that the necessary requirements for working on a schedule RDO (or substituted day) under this clause have not been met by the Employer.
- (e) Where an Employee(s), an Employee representative or the Union have a concern over the Employer's operation of this provision, they may at any time request to review the Employer's practice. If necessary, the matter could be referred to the Disputes Panel for review.
- (f) Any such review must be independent of any particular intention to work on a scheduled RDO.

37.10 Unforeseen and Emergency Scheduled RDO work where Notice not Provided

- (a) If notice is not provided by the Employer in accordance with **clause 37.8(c)** and **37.8(d)** then the affected Employees, in addition to accrued entitlements, will be paid as if they were undertaking Public Holiday Work in accordance with **clause 38.9** of this Agreement.

37.11 Alternate RDOs

- (a) Where the Employer and a majority of the Employer's Employees at an enterprise or job site agree, another day may be substituted for the scheduled RDO.
- (b) Wherever possible, such agreement will take place 5 working days prior to the change being implemented.
- (c) Where there is a dispute in relation to an alternate RDO and it is unable to be resolved at the workplace level, the matter may be determined in accordance with **clause 11- Disputes Resolution Procedure** of this Agreement.

37.12 Banking of RDOs

- (a) Where the Employer and an Employee agree up to five (5) RDOs may be accrued for the purpose of creating a bank to be drawn upon by the Employee at times mutually agreed.

Details of such banked RDOs will be entered on to each Employee's employment records.
- (b) Where there is a dispute in relation to the operation of this sub-clause and it is unable to be resolved at the workplace level, the matter will be determined in accordance with **clause 11- Disputes Resolution Procedure** of this Agreement.

38 Overtime

- 38.1 Except as varied herein, overtime will be worked in accordance with the provisions of the Award.
- 38.2 Such overtime will be calculated by applying the divisor of 1/36th to the Employee's weekly rate as prescribed herein.
- 38.3 All overtime shall be paid at double Ordinary Rates.

Overtime meal allowance

- 38.4 Subject to the eligibility requirements of **clause 21.2 of the Award**, an Employee required to work overtime for one and one half (1.5) hours or more after working ordinary hours must be paid by the Employer an overtime meal allowance as outlined in the table below:

From the first pay period commencing on or after 1 March 2024	\$31.98
---	---------

Overtime meal allowance will be adjusted annually in accordance with CPI (All Groups, Melbourne) movements measured in the twelve month period ending the previous December quarter effective as of 1 March from 2025 onwards, rounded to the nearest cent.

38.5 Leisure Time Protected

- (a) It is the intention of the Employer and Employees that excessive overtime will not be worked.
- (b) To this end the general standard of weekly hours will usually not be more than 56 per week (Monday to Saturday) for an individual Employee, provided that the aforesaid 'usual weekly hours' may by agreement be exceeded from time to time to meet the needs of the Project, or a specific task on a Project.

APPENDIX C – Site Allowance Procedure

1. Site Allowance shall be determined in accordance with this Appendix.
2. It is agreed by the Parties that all new Projects with a Project Value (as defined in **clause 2** of the Agreement) of \$5.7 million and above will be covered by the Site Allowance rates contained in this Appendix.
3. It is agreed by the Parties that the Site Allowance will not be claimed on any Project where the Project Value is below \$5.7 million. On Projects which do not attract the Site Allowance, Employees are entitled to be paid all relevant Special Rates or Disability Payments under the Award.
4. The Site Allowance shall be paid at the appropriate rate for all paid ordinary and overtime hours. Site Allowances are not payable during a period of paid leave. The Site Allowance compensates Employees for all special factors and/or disabilities on a project and is paid in lieu of the following Special Rates in the Award – Confined Space, Wet Work, Dirty Work, Second-hand Timber and Fumes.
5. Award Special Rates and Disability Payments (other than those outlined above) shall continue to apply in accordance with the Award.
6. The payment of Insulation Allowance shall only be paid to individual Employees who are affected (as defined in the Award) by the use of such materials.
7. The Site Allowance and other Award Special Rates form part of Ordinary Time Earnings as defined in **clause 2** of this Agreement.

Determining Site Allowance

8. Where the Union on behalf of Employees, requests an Employer to consider a claim for payment of a Site Allowance, such Site Allowance shall be determined by reference to:
 - 8.1. The terms of this Appendix; or
 - 8.2. By determination of the Victorian Building Industry Disputes Panel in accordance with this Appendix.

Site Allowance rates

9. The appropriate Site Allowance shall be based on the Total Project Value, as defined in **clause 2** of this Agreement
 - 9.1. Site Allowance rates for the City of Melbourne.

The following rates apply to sites in the City of Melbourne as defined by **clause 18** of this Appendix:

New Projects

Projects with values in excess of \$289.1 million	See applicable rates at 9.2 below

Renovations, Restorations and/or Refurbishments

Projects \$5.7 million to \$289.1 million	\$4.35 per hour
Projects with values in excess of \$289.1 million	See applicable rates at 9.2 below

Where Projects are a combination of new work and renovation, restoration and/or refurbishment work, the New Projects allowance will be paid where the value of that new work is more than 33% of the Total Project Value.

9.2. Site allowance rates for Victoria

Above \$5.7 m but less than \$34.7 m	\$2.85 per hour
\$34.7 m but less than \$58 m	\$3.50 per hour
\$58 m but less than \$115.6 m	\$4.00 per hour
\$115.6 m but less than \$289.1 m	\$4.60 per hour
\$289.1 m but less than \$462.5 m	\$5.25 per hour
\$462.5 m but less than \$1156.4 m	\$5.75 per hour
\$1156.4 but less than \$2312.7 m	\$6.90 per hour
\$2312.7 but less than \$3469.2 m	\$7.50 per hour
\$3469.2 but less than \$4625.4 m	\$8.10 per hour

Any Site Allowance which is in place at the time of this Agreement commencing, and which provides a higher site allowance than that set out in **clause 9** of this Appendix, will continue to apply until such time as that rate rises above the applicable rates in **clause 9** of this Appendix, at which point the higher rate under this Appendix will apply.

10. Site Allowance rates and Project Values during the life of this Agreement will be adjusted annually in accordance with CPI (All Groups, Melbourne) movements measured in the twelve month period ending the previous June quarter effective as of the 1 October from 2024 onwards.
11. The Site Allowance shall be adjusted to the nearest 5 cents and the Project Value to the nearest \$100,000.
12. Project Specific Site Allowance Rates as at 1 October 2023

- 12.1. The Site Allowance applicable to the West Gate Tunnel Project shall be \$10.70 per hour.
- 12.2. The Site Allowance applicable to the Metro Tunnel Project shall be \$11.10 per hour.
- 12.3. The above rates will be adjusted as per **clause 10** of this appendix.
- 12.4. The Site Allowance applicable to the North East Link Project shall be:

 - (b) As at 1 March 2026 - \$11.15 per hour;
 - (c) As at 1 March 2027 - \$11.55 per hour.

Determination by the Victorian Building Industry Disputes Panel

13. Where the Parties fail to reach Agreement on the Site Allowance rate to apply to a particular site or Project, then such disagreement shall be referred to the Panel for determination.
14. In determining the Site Allowance rate, the Panel shall not deviate from the methods set out in this Appendix, unless there are special and/or exceptional circumstances.
 - 14.1. Special and/or exceptional circumstances may include work on Projects where disabilities that are not accounted for in this Appendix exist. This includes, but is not limited to:

Projects where construction/maintenance work is predominantly being performed by contract metal trades;

Infrastructure Projects with more than a four-billion-dollar Project Value.
 - 14.2. Where the procedures prescribed by this clause are being followed, work shall continue normally. In the event that Employees take industrial action whilst the Panel is determining a Site Allowance under this Appendix, the date of commencement for that Site Allowance shall not be before the date on which the Employees cease industrial action.
15. Any Site Allowance that is determined in accordance with this Appendix is final and binding on the Parties. The Parties agree to comply, and give effect to a determination by the Panel under this Appendix. A failure to do so is a breach of the Agreement.

Shopping Centre and Airport Projects

16. All new construction and extension/refurbishment work at shopping centres, airports, retail strip shops and standalone retail facilities, having a Project Value in excess of \$5.7 million will attract the then current City of Melbourne Site Allowance.

17. Where the Project is of a mixed purpose, City of Melbourne Site Allowance Rate will apply only where the retail component is at least \$5.7 million and occupies at least 51% of the area of the Project.

Definition of City of Melbourne

18. For the purposes of determining Site Allowance in accordance with this Agreement, the boundaries of the “City of Melbourne” are defined as follows:

- 18.3. The City of Melbourne zone will also include the area bounded by Nicholson Street, Victoria Parade, Hoddle Street and Alexandra Parade.

APPENDIX E – Training Leave for Workplace Representatives

Part A – Industrial Relations Training Leave

The Parties acknowledge that for workplace representatives to effectively undertake their duties they should have the appropriate level of training. The Employer recognises a workplace representative who is well trained in matters including the rights and obligations under the various industrial instruments that operate at the workplace and the rights and responsibilities under the relevant legislation will assist in minimising industrial disputes and further the objective of having a harmonious workplace. To that end the following leave provisions apply.

- (a) Subject to all qualifications in this clause, an employee appointed or elected as an accredited Union Delegate/Employee representative shall, upon application in writing to the Employer, be granted up to 5 days leave with pay each calendar year non-cumulative to attend courses approved by the Employer.
- i. Such courses shall be designed and structured with the objective of promoting good industrial relations within the Employer.
- ii. Consultation may take place between the Parties in the furtherance of this objective.
- (b) For the purposes of this clause an “*accredited Union Delegate/Employee representative*” shall mean an employee recognised by the Employer in accordance with **clause 49** of this Agreement.
- (c) The following scale shall apply:

No. of employees covered by this Agreement	Maximum No. of Workplace Representatives eligible to attend per year	Maximum No. of days permitted per year
Up to 15	1	5
16 – 30	2	10
31 – 50	3	15
51 – 100	4	20
101 and over	5	25

- (d) The application for leave shall be given to the Employer at least 4 weeks in advance of the date of commencement of the course. The application for leave shall contain the following details:
- i. The name of the employee seeking the leave;

- ii. The period of time for which the leave is sought (including course dates and the daily commencing and finishing times); and
 - iii. The title, general description and structure of the course to be attended and the location of where the course is to be conducted.
- (e) The Employer shall advise the training provider within seven clear working days (Monday to Friday) of receiving the application as to whether or not the application for leave has been approved.
- (f) The time of taking leave shall be arranged so as to minimize any adverse effect on the Employer's operations. The onus shall rest with the Employer to demonstrate an inability to grant leave when an eligible employee is otherwise entitled.
- (g) The Employer shall not be liable for any additional expenses with an employee's attendance at a course other than the payment of Ordinary Time Earnings for such absence. APPENDIX F – Passenger and Material Lifts

SECTION I 1. Definition of Building Where Lift Required

- 1.1 A passenger/materials lift shall be provided on a building which shall, when complete, consist of more than six (6) storey levels excluding the roof, parapets and basement levels (if any), but including the ground floor. (Refer to Sub clause 2 of this Appendix.)
- 1.2 For the purposes of this Sub-Clause, a storey level means structurally completed floor, walls, pillars or columns, and ceilings (not being false ceilings), and shall include mezzanine or similar levels, but excluding “half floors” such as toilet blocks or store rooms located between floors.
- 1.3 For the purpose of defining the number of story levels in a building; where any plant or similar structure does not exceed 25 per of the top floor area, such plant room or similar structure shall not be counted as a storey level or levels as the case may be.
- 1.4 For a building with sloping or split floors (e.g., a car park), the method of determining storey levels shall be by taking the height of that building and dividing its height by the average floor height of a building which does not have sloping or split floors.

SECTION II 2. When Lift Required

- 2.1 The passenger/materials lift shall be in operation from the date of commencement of formwork erection above the floor level of the fifth storey (prior to commencing pours for the floor level of the fifth storey) when counted from the lowest adjacent street level or where the basement excavation level is more than 5 levels down from the lowest adjacent street level. Floor level means that stage of construction which, in the completed building, would constitute the walking surface of each particular floor level.
- 2.2 Where the basement exceeds 5 levels, and due to operational constraints it is not possible to install a hoist until the final base excavation level is reached, a Deep Basement Excavation Allowance will apply in accordance with **clause 3** of this Appendix. A Deep Basement Excavation Allowance will apply to all Employees required to work below the 5th basement level until base excavation level is reached. Once base excavation level is reached the Employer will ensure that a hoist is installed.
- 3 Deep Basement Excavation Allowance
- (a) As of 1 March 2024 where Employees are entitled to a Deep Basement Excavation Allowance, they will receive the amount of \$9.70 per hour.
- This allowance will be adjusted annually in accordance with CPI (All Groups, Melbourne) movements measured in the twelve month period ending the previous December quarter effective as of 1 March 2025, rounded to the nearest 5 cents.
- 3.1 Employees will not be required to walk down from the ground floor more than four (4) levels. However, the Employer and the Union accept that from time to

time there will be occasions where an alternative arrangement will need to be implemented.

SECTION III 3. Operation of Lift

- 3.1 The mode of operation of the passenger/materials lift shall be at the discretion of Management, but there shall be landings at intervals of not more than four (4) storey levels. Subject to sub-clause 3.3, an employee would not be required to walk either up or down more than two (2) floors within the range of the lift, or more than four (4) floors within the range of the lift.
- 3.2 When the building has risen so that the formwork exceeds floors above the lift travel, the lift travel shall be extended.
- 3.3 If mechanical or power failure puts the passengers/materials lift out of action, Management must endeavour to correct the failure as soon as possible and have the passengers/materials lift back in use. During such temporary stoppage of the passengers/materials lift, the employees are expected to walk to their place of work to a maximum of four (4) levels to work in their respective classification, and no industrial action or dispute should take place. In the case of the service core, refer to **clause 26.18(f)** of the Agreement.
- 3.4 When lifts are also used to carry materials, preference must be given to the transporting of employees at the starting, finishing and lunch times. Starting times of various Trades may be staggered by agreement to avoid lift congestion at starting and finishing times.
- 3.5 Should a crane or cranes on a building not be able to operate (e.g., because of wind or mechanical failure), employees will continue to work to a maximum of four (4) levels above the range of the lift, provided that the appropriate emergency service is satisfied that it is capable of being able to provide first aid attendance, and removal if necessary, to/of any employee on any section of the Project without the use of the crane/s.
- 3.6 Subject to the provisions of the relevant OH&S legislation, the Lift Diver(s) shall remain on site to operate the lift to carry passengers.

This process describes the Drug and Alcohol Management Program (DAMP) within nominated [Insert Company] workplaces in Victoria.

This process applies to all workers, contractors and visitors, and on all nominated projects. Contractors will be required to comply with the requirements in this DAMP as per the contractual agreement. Where [Insert Company] is involved in an alliance or joint venture, this process is to be maintained as a minimum requirement.

The purpose of this process is to manage alcohol and other drugs and their effects on workers' fitness for work whilst performing duties or attending the workplace. This process ensures that [Insert Company] has a mechanism to appropriately manage the misuse of alcohol and other drugs in the workplace through education, counselling, rehabilitation and discipline, where required. Drug and Alcohol tests will be conducted for the following substances on [Insert Company] projects:

- Alcohol;
- Opiates;
- THC (marijuana or cannabis);
- Cocaine;
- Benzodiazepines;
- Amphetamine; and
- Methamphetamine.

1.2 Revision Status

Revisions to this Management Plan will be made as required to reflect the current site conditions and to ensure the continued suitability and effectiveness. The frequency of the review shall be determined by the Project Manager and workplace conditions but shall not exceed 12 months.

The confirmatory test results in a definitive positive (fail) or negative (pass) result.

Confirmed Positive Result (Fail) means a:

Secondary onsite breath test for alcohol in excess of 0.00 grams per 100 milliliters (0.00%) of alcohol;

Secondary test conducted at an accredited laboratory for drugs in excess of the levels contained in AS 4760:2006, performed at an accredited laboratory. Note: Benzodiazepine level¹ to be provided by the prescribed testing laboratory.

The Parties agree that the pre-conditions to testing as set out in this clause represent a proper balance of ensuring a safe workplace and protecting privacy and associated rights of workers.

[Insert Company] shall only request a worker to undertake "for cause" or "reasonable concern" testing if the criteria set out below for "for cause testing" or "reasonable concern testing" are satisfied.

A worker may voluntarily test. This process is dealt with below in the section dealing with "Self-testing".

The following are the only testing processes and techniques that can be used to undertake "for cause" or "reasonable concern" or "self-testing". Any failure to comply with this clause will render the tests invalid, and no action will be taken against the worker in connection with the results of a non-complying test.

6.2 Self-Testing

Facilities will be made available for workers choosing to undertake a self-test for alcohol and/or drugs. The number of workers self-testing should not exceed 10% of the total workforce per month.

- Participation in a relevant and specific Industry focus area when the worker is undertaking High Risk Work as identified by [Insert Company]. Workers will be selected for testing using a random selection process nominated by [Insert Company] management following a consultation process in line with OHS legislation.

6.4 Reasonable Concern Testing

[Insert Company] may only request a worker to undertake reasonable concern testing if the following criteria are met:

An observable phenomena occurs, which is:

- the direct observation of the worker of using, and/or the physical behavioural symptoms of being impaired by, alcohol and/or other drugs; and/or
 - unusual and/or inexplicable actions by the worker;
 - There is evidence that the worker is involved in the use or possession of alcohol and/or other drugs while working; or
 - The worker has breached safety provisions or procedures.
-

7.0 TESTING PROCEDURE (2ND STEP)

7.1 Self-Testing

The following process is designed to encourage self-testing where a worker is unsure of their fitness for work. Self-testing will be done in accordance with the following:

- The worker, who seeks to self-test for drugs, shall advise the D&A Officer of this.
- The D&A Officer shall then conduct the relevant testing method below if requested.

7.2 For Cause or Reasonable Concern testing procedure

If the pre-conditions for “For Cause or Reasonable Concern” testing have been satisfied, the following procedure may be engaged in.

[Insert Company] shall firstly meet with the worker, who will be given the opportunity to have a representative of their choice present where practicable. At this meeting:

- [Insert Company] shall advise the worker of the factual foundation which has satisfied the relevant pre-conditions for testing;
- [Insert Company] may request the worker to undertake an Observable Impairment Assessment (see Appendix A).
- If the worker refuses to undertake the Observable Impairment Assessment (Appendix A), then the refusal clause shall apply.
- If the worker agrees, then the ‘Observable Assessment Checklist’ is undertaken and completed in accordance with Appendix A.
- If deemed to be impaired, the worker is to be tested in accordance with the Testing Methods clause.
- If not impaired, the worker shall return to work and all records shall be destroyed.

8.0 TESTING METHODS FOR DRUGS & ALCOHOL

8.1 Alcohol Testing Method

Alcohol testing may only be done by use of an Accredited Breath Test device. The device must be calibrated and meet the minimum requirements of AS3547.

8.2 Drug Testing Method

Drug testing may only be done by oral fluid testing. The [Insert Company] DAMP requires that the following substances are tested for:

- Opiates;
- THC;
- Cocaine;
- Benzodiazepines;
- Amphetamine; and
- Methamphetamine.

The equipment used to perform the test shall be used, tested and calibrated to the manufacturer's instructions and certified to AS 4760 (Processes for specimen collection and the detection and quantitation of drug in oral fluid).

The drug testing shall be conducted by an accredited person, following all of the chain of custody provisions.

The test must be performed in accordance with AS 4760 (Procedures for specimen collection and the detection and quantitation of drugs in oral fluid).

This includes, but is not limited to:

- performing all the quality assurance requirements, such as negative and positive controls every 25 tests; the testing body must be accredited and independently audited by an organisation such as ISO or NATA;
- Collectors must be trained and receive a certificate of attainment in accordance with the Australian Quality Training Framework;
- Oral Fluid devices must have the recommended cut-off levels;
- Oral Fluid devices must undergo regular quality control checks including a positive and negative control every 25 tests, and one in 20 negative donor samples must be sent to an appropriately accredited laboratory to confirm a negative result;
- Collectors are required to explain the procedures to each donor, conduct an approved identity check, and have them complete a consent form;
- Collection and performance of the initial test must be performed in the presence of the donor; and
- An unconfirmed (non-negative) sample must be despatched under strict chain of custody procedures including a second reference sample which has been collected at the same time.

The quantification analysis of the samples detected as non-negative in the on-site device must be conducted in a NATA accredited laboratory for confirmation testing.

The above does not apply to self-testing to the extent that it is inconsistent with the self-testing regime.

9.0 TESTING RESULTS

9.1 Principle

The overarching principle of this program and testing is to identify workers who are not fit to perform the inherent requirements of their position.

Alcohol Testing

- A worker undertaking any work activities will be considered to have not passed the BAC test if their test result indicates a BAC of more than 0.00 mg/ml.

9.2 Drug Testing

- A worker will be considered to have not passed their drug test if their test result indicates they have equal to or above the relevant cut-off levels of the substances referred to in AS 4760.
- [Insert Company] shall only be advised whether the test result is positive or negative for drugs. [Insert Company] will have one central database to record and monitor disciplinary action should a worker have a 1st, 2nd or 3rd infraction. [Insert Company] will inform the relevant Subcontractor line manager of the confirmatory result for each employee. This information should be made available to the EAP provider as agreed by the worker.
- The worker shall receive the full drug test results report (as per AS 4760). Note: Benzodiazepine level to be provided by the prescribed testing laboratory.
- The results shall be provided by confidential email or in a sealed envelope, marked private and confidential from the relevant tester.

10.0 CONSEQUENCES

10.1 Self-Testing

Workers who self-test positive for alcohol and/or drugs shall advise [Insert Company] that they are unfit for work.

All reasonable assistance is to be afforded to ensure the affected worker can make their way from the workplace to a safe location without harm (e.g. taxi, lift from a friend or supervisor).

Workers who test positive for alcohol and/or drugs are required to present to the D&A Officer for self-testing prior to their next shift to conduct a test. The worker is required to provide a negative sample prior to entering the job.

An agreed leave of absence arrangement or loss of pay is to apply.

No record of testing shall be kept

Note: Self-testing does not exempt workers from being part of any other determined drug & alcohol testing

10.2 Alcohol Test

Workers who pass the alcohol test shall be permitted to return to work immediately. No individual test record is to be maintained.

Workers who do not pass the alcohol test are required to cease work and will be retested 60 minutes after initial test or at the discretion of the Testing Officer.

Workers who are retested after **60 minutes** and pass the alcohol test are permitted to return to work immediately. No loss of pay is to apply and no individual test record is to be maintained.

Where a worker is retested after **60 minutes** and does not pass the alcohol test, he/she is not permitted to return to work and shall leave the workplace when practicable. All reasonable assistance is to be afforded to ensure the affected worker can make their way from the workplace to a safe location without harm (e.g. taxi, lift from a friend or supervisor). For the period after the first **60 minutes**, an agreed leave of absence arrangement or loss of pay is to apply.

Prior to returning to work, the worker will be required to take an alcohol test on site with a Drug & Alcohol Officer present. The worker can only return to work if the test result is 0.0. BAC

10.3 Drug Testing

Workers recording a negative result (pass) are permitted to return to work immediately. No record of the test is to be maintained.

Workers recording an onsite non-negative result (fail) will NOT be permitted to return to work and the oral fluid sample will be sent immediately for confirmatory testing at an accredited laboratory in line with AS 4760. The worker shall then leave the workplace when practicable. All reasonable assistance is to be afforded to ensure the affected worker can make their way from the workplace to a safe location without harm (e.g. taxi, lift from a friend or supervisor). An agreed leave of absence arrangement or loss of pay is to apply.

Workers who have recorded an onsite non-negative result (fail), who has then subsequently recorded a negative result (pass) in the confirmatory testing, shall return to work at the start of their next allocated shift and without any loss of pay.

Workers who have recorded an onsite non-negative result (fail), who has then subsequently recorded a positive result (fail) in the confirmatory testing, shall not be permitted to return to work. An agreed leave of absence arrangement or loss of pay is to apply.

However, a worker may dispute the confirmatory test and elect to have Sample B tested at the same or an alternative NATA accredited laboratory. If the result is negative (pass), the worker may return to work with no loss of pay or disciplinary action. If the result is confirmed positive (fail) the worker will not be permitted to return to work and an agreed leave of absence arrangement with [Insert Company] or loss of pay is to apply. The cost of this Sample B testing is borne by the worker.

A worker who was required to leave the workplace for non-compliance is required to return a negative (pass) retest prior to commencing their next normal shift. An agreed leave of absence arrangement or loss of pay is to apply for the duration of their absence.

10.4 Refusal to Test

The following steps shall be undertaken if a worker refuses to participate in the abovementioned tests (excluding self-testing):

- [Insert Company], will inform the worker and the worker's chosen representative, the refusal will have the same consequences as a non-negative result, i.e. that the worker will be deemed to be unfit for work due to the presence of alcohol or drugs.
- If the worker still refuses, [Insert Company] and the D&A Impairment Officer shall consult with the worker and the worker's chosen representative, regarding the requirements, process and

consequences of refusing to test and encourage him/her to partake in the test. This would be the second request to be tested.

If the worker still refuses, the refusal will be treated as a confirmed positive result, and will be subjected to the relevant consequences of such. All reasonable assistance is to be offered to ensure the worker can make their way from the workplace to a safe location without harm (i.e. Taxi, lift from a friend or Supervisor). An agreed leave of absence arrangement or loss of pay is to apply for the duration of their absence

10.5 Disciplinary Action

The following sets out the action which may be taken when a worker returns a confirmed positive result to an alcohol or drug test.

First Occasion - A worker who has received a first confirmed positive test for alcohol or drugs (other than by self-testing) will be:

- Required to attend the Support referred to in clause 4;
- Informed of the consequences of testing positive and obligation to present, or remain in a fit state;
- Informed of further disciplinary action and testing requirements should he/she have a confirmed positive result (alcohol or drug) within the next 12 months.
- Second Occasion - A worker who has received a second confirmed positive test for alcohol or drugs (other than by self-testing) within any 12 month period will be:
 - Required to re-attend the Support referred to in clause 4;
 - Required to participate in a rehabilitation program as per clause 4;
 - Informed of the consequences of testing positive and obligation to present, or remain in a fit state;
 - Given a verbal warning with diary entry placed on file; and
 - Informed of further disciplinary action and testing requirements should they have a confirmed positive result (alcohol or drug) within the next 12 months.

A worker who has received three confirmed positive test results for alcohol or drugs which has been detected in a 12 month period may be dismissed under [Insert Company]'s disciplinary processes.

A worker who fails to attend EAP sessions or other support sessions may be dismissed under the worker's disciplinary processes.

[Insert Company] will liaise with & provide assistance when required, to Subcontractors in matters relating to their individual EAPs & other support processes.

No disciplinary action will be taken in respect of positive test results from a self-test.

10.6 Self-Declaration

Workers will not be disadvantaged for self-disclosure and therefore will be supported through counselling and rehabilitation processes and provided with the support contained in clause 4. In such cases the worker will be required to take accrued or negotiated unpaid leave and may return to work when fit for duty.

The worker may be suspended from any work with immediate effect in order for an assessment to be made of the duties he/she are able to perform safely and a drug and alcohol test is to be undertaken as soon as reasonably practicable.

11.0 CONFIDENTIALITY

11.1 Confidentiality of Information

All information gathered as a result of alcohol and other drug testing is collected for the purpose of implementing this process.

11.2 Confidentiality of Results

The positive/negative result from a drug and alcohol test must remain confidential information and use/access/dissemination shall be restricted to those whose role makes it necessary to have access to it.

11.3 [Insert Company]’s Duties

[Insert Company] will adhere to the following:

- Testing will be conducted in a location that maintains the privacy and dignity of the individual.
- Negative (pass) results will be destroyed. Evidence of the tests being conducted will be retained on site.
- Workers who record a non-negative (fail) result will be treated at all times in a respectful and non-judgemental manner by all involved in the management of the matter.
- Positive and non-negative (fail) alcohol or drug test results will be retained on file until 12 months has elapsed since the most recent positive/non-negative result.

11.4 Release of Information

[Insert Company] will only release information to a third party as required by law.

12.0 CONSULTATION

12.1 Amendments to DAMP

If a Party believes that an amendment to the DAMP is required, it shall request and organize a consultation meeting involving [Insert Company], the relevant Union and the Drug & Alcohol Officers if appointed.

12.2 Aim

The attendees shall seek to reach agreement on any proposed amendments.

APPENDIX J – Sexual Harassment Principles

Gendered violence causes physical and psychological harm and poses significant risk to the health, safety and wellbeing of the workers. Gendered violence is any behaviour that causes harm to a worker because of their sex, gender or sexual orientation.

1 SEXUAL HARASSMENT

1.1 Purpose

Sexual harassment is unlawful and prohibited by both the *Equal Opportunity Act 2010* (Vic) and the *Sex Discrimination Act 1984* (Cth).

The Parties are committed to providing a safe, flexible and respectful environment for all employees free from all forms of sexual harassment.

1.2 Principles

The principles associated with this provision are that:

- Sexual harassment is unlawful and will not be tolerated in the workplace.
- A single incident can constitute sexual harassment.
- Employees may be personally liable if allegations of sexual harassment are substantiated against them.
- Legal action (civil and/or criminal) may be taken against a person who has engaged in sexual harassment.
- The Parties recognises that comments and behaviour that do not offend one person can offend another. All employees are required to treat others with dignity, courtesy and respect.

1.3 Responsibilities

Employees

All Employees must:

- not engage in sexual harassment;
- participate in any training provided by the Employer;
- treat information in relation to claims of sexual harassment with confidentiality;
- ensure that a person is not victimised for making, or being involved in, a sexual harassment complaint; and
- report any observations of suspected or alleged sexual harassment in accordance with this Policy.

Employer

The Employer will treat all complaints seriously and take prompt and appropriate action to address them in accordance with this Policy.

2 SEXUAL HARASSMENT IN THE WORKPLACE

1.1 What is sexual harassment?

Sexual harassment in the workplace may take various forms and can be directed at, and perpetrated by, all persons including male, female, transgender and gender diverse. It may be physical, spoken or written and may include, but is not limited to unwelcome:

- physical contact of a sexual nature;
- comments or questions of a sexual nature about a person's private life or their appearance;
- sexually suggestive behaviour, such as leering or staring or offensive gestures;
- brushing up against someone, touching, fondling or hugging;
- sexually suggestive comments or jokes;
- displaying offensive screen savers, photos, calendars or objects;
- repeated requests to go out;
- unwanted displays or declarations of affection;
- requests for sex;
- sexually explicit emails, text messages or posts on social networking sites;
- sexual assault, indecent exposure, physical assault and stalking (which are also criminal offences); and
- actions or comments of a sexual nature in a person's presence (even if not directed at that person).

1.2 Threshold

The *Equal Opportunity Act 2010* and the *Sex Discrimination Act 1984* provide that sexual harassment occurs in circumstances in which the conduct is unwelcome and where a reasonable person, having regard to all the circumstances, would have anticipated that the other person would be offended, humiliated or intimidated.

There is no requirement that the unwelcome conduct be repeated; a one-off incident can be sexual harassment. Equally, a broader pattern of behaviour can constitute sexual harassment.

1.3 What is the workplace?

Within the workplace

For the purposes of sexual harassment law, a workplace is any place a person attends for the purpose of carrying out functions in connection with, or in the course of their employment or prospective employment. Respect for women – occupational health and safety laws

Workplace Gendered Violence ¹ is a serious occupational health and safety issue. WorkSafe has developed a guide to help employers prevent and respond to work-related gendered violence.

Click here for a copy of the guide www.worksafe.vic.gov.au/work-related-gendered-violence-including-sexual-harassment

Power inequalities between women and men can result in gendered violence within the workplace. Gendered violence is actions and behaviours perpetrated against women because they are women. It can include any of the following comments and gestures:

- stalking, intimidation or threats,
- verbal abuse,
- ostracism or exclusion,
- sexually explicit gestures,
- offensive language and imagery,
- put downs, innuendo, and insinuations,
- being undermined in your role or position,
- sexual harassment,
- sexual assault or rape,

Employers, employees and others have specific duties relating to work-related gendered violence, including work-related sexual harassment under the Occupational Health and Safety Act (OHS Act) and the Equal Opportunity Act.

Under the OHS Act, employers must provide and maintain a work environment that is safe and without risk to the health of their employees, so far as is reasonably practicable

An effective way to eliminate the risk of gendered violence is to establish and maintain safe and inclusive workplace cultures and systems, where disrespect and incivility are not tolerated.

¹ **WorkSafe definition:** Work-related gendered violence is any behaviour, directed at any person, or that affects a person, because of their sex, gender or sexual orientation, or because they do not adhere to socially prescribed gender roles, that creates a risk to health and safety. This includes violence targeted directly at someone specifically because, for example:

- they are a woman
- they identify as LGBTIQ+
- they don't follow socially prescribed gender roles and stereotypes.

Work-related gendered violence can also be experienced indirectly. A person may experience gendered violence not targeted specifically at them (such as overhearing a conversation that affects them) or witness violence directed at someone else. Sexual harassment is a common form of gendered violence.
