**Subject:** AM2016/34 - Application by CFMEU to Vary Black Coal Mining Industry Award 2016 - Mines Rescue Employees

Dear Sir/Madam;

I refer to the draft determination in the above mentioned matter, issued by the FWC yesterday.

It is suggested that as the Determination will establish a new award clause (clause 15A) and a new Schedule (Schedule H), that consequential amendments be made to the Table of Contents to reflect those new provisions.

Otherwise we agree with the latest draft determination.

I would be grateful if you could bring this to the attention of Hamberger SDP and post it on the appropriate web page.

Regards

Andrew Thomas
